d. He inquired about the status of his paper recommending certain consolidation of the Graphics Offices and I told him that I had it.

e. He also queried as to what had happened to his paper of 6 March 1959 recommending that the Credit Union open an additional small office on paydays in order to avoid long lines forming as is the case now. (I want to check on this.)

f. He reported that the Agency Task Force was not accomplishing very much. DD/I and DD/P have not yet submitted their first reports.

g. He questioned the motion picture activities in the Office of Training and felt that no motion picture should be made without at least the approval of the Deputy Director who had supervision over the re-requesting component.

h. He reported that through [REDACTED] cooperation they have succeeded in getting a large quantity of records out of the NE Division. He believes that this is possible in the other area divisions if he can get their cooperation and has requested Bill to talk about this activity at [REDACTED]'s next meeting.

4. [REDACTED] called to say that the two Princeton summer employees were greatly disappointed that they were to receive grade GS-5 salaries inasmuch as their classmates working in other Governmental agencies were receiving grade GS-7 salaries and one was receiving a grade GS-9 salary. I told him to check this with Matt Baird and unless he felt that this would upset our JOT recruitment program to enter these boys on duty at grades GS-7.

6. I also talked to [REDACTED] about his assignment [REDACTED] and told him that he had rated rather low in the last competitive rankings of grade GS-13s and that I could not promote him at this time. I also told him that I would be glad to consider the matter again if and when we received an outstanding fitness report and a recommendation for promotion after his arrival [REDACTED]
